ABOUT US

Your technology partner in Sri Lanka

Odin.lk started as a technology store and grew into a full IT services company. Today we help shops, hotels, schools, factories and offices across the island run smarter with the right websites and software — explained in simple language and supported long after launch.

What we do

We design and build websites, e-commerce stores, ERP and business management systems, and we install, update and back up the software your team uses every day.

Who we work with

Small and medium businesses, retail and wholesale shops, hotels and restaurants, clinics and pharmacies, schools and tuition classes, manufacturers and service companies.

Local & reachable

A Colombo-based team that visits your office, speaks your language (Sinhala, Tamil, English) and answers the phone when you need help.

Clear pricing

Fixed quotations with no hidden costs, flexible payment plans and affordable monthly maintenance packages.

Our mission

To give every Sri Lankan business — big or small — access to reliable, affordable technology that saves time, reduces mistakes and helps them grow.

OUR SERVICES

Everything your business needs, under one roof

Choose a single service or combine them — our solutions are built to work together.

From Rs. 2,000 per device

SELECTED WORK

Projects we're proud of

A few examples of what we have built for businesses around Sri Lanka.
(Sample projects — replace with your real case studies.)

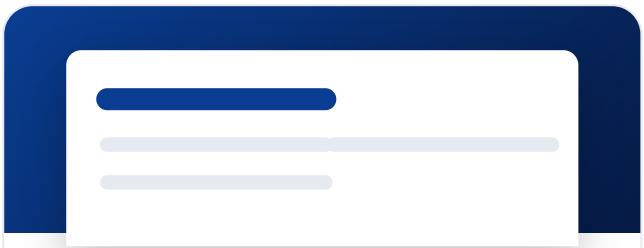

E-COMMERCE WEBSITE

Lanka Hardware Mart, Kandy

Online store with 2,000+ products, cash on delivery and WhatsApp ordering.

↑ 3× more orders in 6 months

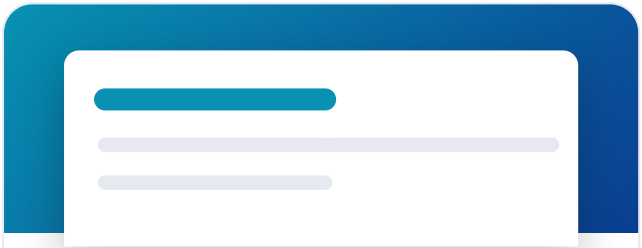

ERP SOFTWARE

Ceylon Traders (Pvt) Ltd, Colombo

Sales, inventory, purchasing and accounting for 3 branches in one system.

Month-end closing: 5 days → 1 day

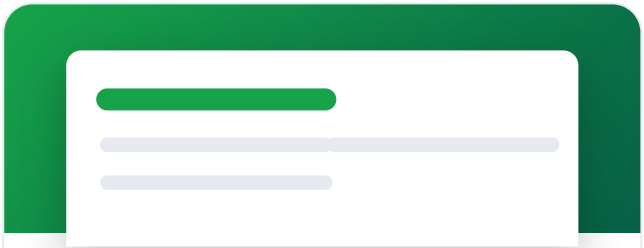

HOTEL WEBSITE & BOOKING

Blue Lagoon Beach Hotel, Negombo

Room galleries, online reservations and advance payments.

40% of bookings now direct

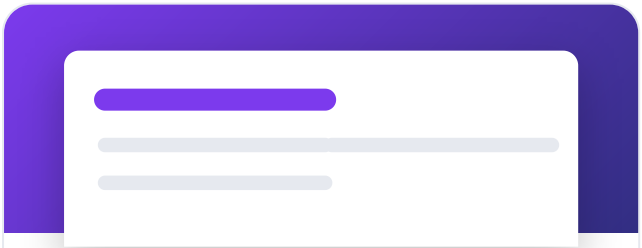

INVENTORY & POS

Green Leaf Pharmacy, Galle

Barcode billing, expiry tracking and low-stock alerts.

Stock losses cut by 60%

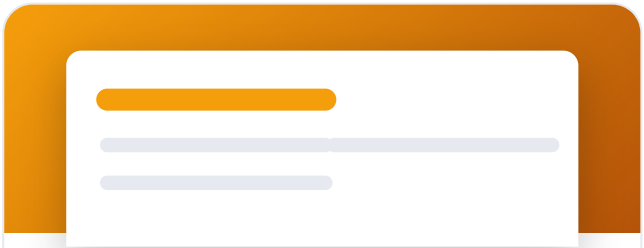

ATTENDANCE SYSTEM

Kandy Tuition Academy

Fingerprint attendance with SMS alerts to parents.

1,200 students tracked daily

HR & PAYROLL

Sunrise Garments, Katunayake

Payroll with overtime, EPF / ETF and bank transfer files for 350 staff.

Payroll in 2 hours instead of 3 days

HOW WE WORK

A simple, transparent process

No confusing technical jargon — just clear steps from idea to a working solution.

01

Talk to us

Free consultation to understand your business and goals.

02

Plan & quote

We recommend the right solution with a fixed price and timeline.

03

Build & set up

We design, develop, install and test — and train your staff.

04

Support

Maintenance, updates, backups and help whenever you need it.
